**ORDER NO. 6442**

**CERTIFICATE OF PUBLIC CONVENIENCE AND NECESSITY  
TO PROVIDE PUBLIC WATER UTILITY SERVICES**

This 22<sup>nd</sup> day of June, 2004, the Commission finds, determines, and Orders the following:

**I. BACKGROUND**

1. Artesian Water Company, Inc. ("Applicant"), is a water utility providing water services for public use that is subject to the regulatory jurisdiction of this Commission over any expansion of its service territory. On May 6, 2004, the Applicant filed an Application ("Application") with the Commission seeking a Certificate of Public Convenience and Necessity ("CPCN") to expand its facilities and operations in order to provide water service to one parcel of land located on Marl Pit Road in the Town of Middletown, New Castle County, Delaware, as specifically described by the tax parcel number identification in paragraph 6 of the Application.

2. The Application includes a petition signed by the parcel owner and evidence that the required Commission notice of the

Application was sent via certified mail to the owner of the parcel. The notice explained the landowner's opportunity to object, request a hearing, and "opt-out," that is, to exclude the landowner's parcel from the Application.

3. Staff directed the Applicant to publish notice of the Application in two newspapers of general circulation. The notice informed the public that any meritorious request for a hearing or objection must be filed with the Commission no later than thirty days from the publication. The notice was published on May 20, 2004, in the Delaware State News and The News Journal newspapers.

4. The Commission did not receive any "opt-out" notice from the landowner, any request for a hearing on the application, or any objection to the application.

## **II. SUMMARY OF THE EVIDENCE**

5. The record in this matter consists of the Application, including Applicant's request that the Commission proceed in this matter under the informal fact-finding procedures set forth in *29 Del. C. § 10123* (§ 3). In addition, the Application includes:

- (i) petition signed by the landowner of the single parcel of land (§ 1(d));
- (ii) copies of the United States Postal Service's forms verifying that the Applicant sent, via certified mail, a Commission approved notice to the landowner of the affected parcel of the Applicant's filing for a CPCN as prescribed by Water Utility CPCN Reg. 10.109 (§ 5);
- (iii) the County tax parcel identification number of the property in the Proposed Service Area (§ 6);

- (iv) a listing of the landowner of record of the parcel included in the Proposed Service Area and the tax map locating the parcel (§ 7); and
- (v) the Applicant's statement that its expansion of service to the single parcel will comply with the water pressure requirements of 26 Del. C. § 403(a)&(b), and is not barred by any of the restrictions set forth in 26 Del. C. § 403(c) (§ 8 (a)-(d));

6. The record also contains:

- (i) affidavits of publication of the public notice of the Application on May 20, 2004, in the Delaware State News and The News Journal newspapers;
- (ii) Staff's correspondence to representatives of the Office of Drinking Water of the Division of Public Health, the Office of the State Fire Marshal, and the Department of Natural Resources and Environmental Control in which Staff requested that any written comments on the application be submitted to the Commission by June 1, 2004;
- (iii) Correspondence from the Office of Drinking Water of the Division of Public Health (dated June 2, 2004) and the Office of the State Fire Marshal (dated June 3, 2004) reporting that they have no outstanding issues with the Applicant that might preclude granting the requested CPCN; and
- (iv) Staff's June 15, 2004 memorandum of its investigation and its recommendation that the Commission approve the application and grant the requested CPCN. In its memorandum, Staff indicates that the Department of Natural Resources and Environmental Control ("DNREC") has informed Staff that it would provide written comments on proposed CPCN applications only if it has an objection to an application. Staff notes that the Commission did not receive from DNREC any written comments on this application. Staff further reports that, based upon its

review, the Applicant has complied with all the statutory and regulatory requirements necessary for granting the CPCN.

7. Finally, the record does not contain any evidence that any person objects to the application or requests a hearing.

### **III. FINDINGS OF FACT & CONCLUSIONS OF LAW**

8. The Commission has jurisdiction to grant a CPCN permitting a water utility to expand its operations and facilities, and Applicant operates a water system for public use and, consequently, is a water utility.

9. First, the Applicant obtained the consent of the owner of the single parcel in compliance of 26 Del. C. § 203C(e)(1)(b). Second, the Applicant sent by certified mail an approved notice of its Application to the owner of the single parcel. Third, the record reflects: (a) no objection to this application; (b) no request for a hearing on this application; (c) the Applicant's statement that the Applicant will continue to meet the water pressure requirements for its existing customers; and (d) the Applicant's statement that it is not subject to any regulatory Order or finding pertaining to the quality of its service to existing customers which would preclude it from expanding its operations or facilities.

10. Finally, the Commission's Staff has investigated the Applicant and has discovered that the Applicant is currently not subject to any Commission finding that the utility is unwilling or unable to provide adequate and reliable water service to its existing customers. The present record does not provide any basis for the Commission to believe that any further investigation into the

Applicant's service quality is necessary in order to render a decision in this proceeding.

11. In summary, the Applicant has submitted the necessary proof required by the provisions of *26 Del. C. §§ 203C(e)(1), 203C(e)(1) b., & 203C(e)(3) (2002 Supp.)*, which the Commission's Staff has reviewed and found to be accurate. The Commission also finds no reason that the Applicant is not entitled to a CPCN under the provisions of either *26 Del. C. §§ 203C(f) or 203C(i) (2002 Supp.)*. Since the Applicant has satisfied the statute's requirements, the Commission shall issue a CPCN permitting the Applicant to expand its operations to provide water utility services to the single parcel identified in Exhibit "A" hereto.

Now, therefore, **IT IS ORDERED:**

1. That, pursuant to *26 Del. C. § 203C(e) (2002 Supp.)*, the application for a Certificate of Public Convenience and Necessity, as filed in PSC Docket No. 04-CPCN-10, is hereby approved to the extent it is consistent with this Order, and a CPCN is granted to Artesian Water Company, Inc., to serve the area identified by the tax parcel number set forth in Exhibit "A" to this Order.

2. That Artesian Water Company, Inc. shall comply with any and all federal, state, county, and local statutes, ordinances, orders, regulations, rules, and permit conditions that are applicable, or may become applicable, to any matter involving water utility services provided to the service territory granted by this Certificate of Public Convenience and Necessity.

3. That the Commission reserves the jurisdiction and authority to enter such further Orders in this matter as may be deemed necessary or proper.

BY ORDER OF THE COMMISSION:
