OF MILLINGTON ROAD, WEST OF THE TOWN)	
OF CLAYTON, KENT COUNTY, DELAWARE)	
(FILED MARCH 14, 2005))	

ORDER NO. 6618

**CERTIFICATE OF PUBLIC CONVENIENCE AND NECESSITY
TO PROVIDE PUBLIC WATER UTILITY SERVICES**

This 10th day of May, 2005, the Commission finds, determines, and Orders the following:

I. BACKGROUND

1. Artesian Water Company, Inc. ("Applicant"), is a water utility providing water services for public use that are subject to the regulatory jurisdiction of this Commission over any expansion of its service territory. On March 14, 2005, the Applicant filed an Application ("Application") with the Commission seeking a Certificate of Public Convenience and Necessity ("CPCN") to expand its facilities and operations in order to provide water services to a total of sixteen parcels of land located on the north and south sides of Millington Road, west of the Town of Clayton, Kent County, Delaware ("Proposed Service Area"), as specifically described by the tax parcel number identifications in paragraph 6 of the Application.

2. Staff reviewed the Application in accordance with the rules adopted in PSC Regulation Docket No. 51, Order No. 5730, effective

July 10, 2001. Finding no errors or omissions in the Application, Staff directed the Applicant to publish notice of the Application in two newspapers of general circulation. The notice informed the public that any meritorious request for a hearing or objection must be filed with the Commission no later than thirty days from the publication.

II. SUMMARY OF THE EVIDENCE

3. The record in this matter consists of the Application, and includes the Applicant's request that the Commission proceed in this matter under the informal fact-finding procedures set forth in *29 Del. C. § 10123* (§ 3). In addition, the Application includes:

- (i) petitions signed by a majority of landowners within the Proposed Service Area (§ 1(d));
- (ii) copies of the United States Postal Service's forms verifying that the Applicant sent, via certified mail, a Commission approved notice to all landowners of the affected parcels of the Applicant's filing for a CPCN as prescribed by Water Utility CPCN Reg. 10.109 (§ 5);
- (iii) the County tax parcel identification numbers of the properties in the Proposed Service Area (§ 6);
- (iv) a listing of the landowners of record of each of the parcels included in the Proposed Service Area, and the related tax maps (§ 7);
- (v) the Applicant's statement that its expansion of service to the parcels in the Proposed Service Area will comply with the water pressure requirements of *26 Del. C. § 403(a) & (b)*, and is not barred by any of the restrictions set forth in *26 Del. C. § 403(c)* (§ 8 (a)-(d));

5. The record also contains:

- (i) affidavits of publication of the public notice of the Application on March 21, 2005 in the Delaware State News and The News Journal newspapers;
- (ii) correspondence from the Office of Drinking Water of the Division of Public Health (dated April 5, 2005), from the Office of the State Fire Marshal (dated April 21, 2005), and from the Department of Natural Resources and Environmental Control (printed e-mail dated March 31, 2005) reporting that they have no outstanding issues with the Applicant that might preclude granting the requested CPCN;
- (iii) Staff's May 3, 2005 memorandum of its investigation and its recommendation that the Commission approve the Application and grant the requested CPCN. Staff reports that, based upon its review, the Applicant has complied with all the statutory and regulatory requirements necessary for granting the CPCN.

6. Finally, the record does not contain any evidence that any person objects to or requests a hearing on the Application, nor did any property owner request to "opt-out" of the Proposed Service Area.

III. FINDINGS OF FACT & CONCLUSIONS OF LAW

7. The Commission concludes it has jurisdiction to grant a CPCN permitting a water utility to expand its operations and facilities if the water utility satisfies the legal and factual requirements. The Commission finds that Applicant operates a water system for public use and, consequently, is a water utility.

8. First, the Applicant obtained the consent of the majority of owners of the property within the Proposed Service Area in compliance of *26 Del. C. § 203C(e)(1)(b)*. Second, the Applicant sent by certified mail an approved notice of its Application to all owners

of parcels within the Proposed Service Area. Third, the record reflects: (a) no objection to this Application; (b) no request for a hearing on this Application; (c) no requests to "opt-out" of the Proposed Service Area; (d) Applicant's statement that the Applicant will continue to meet the water pressure requirements for its existing customers; and (e) the Applicant's statement that it is not subject to any regulatory Order or finding pertaining to the quality of its service to existing customers which would preclude it from expanding its operations or facilities.

9. Finally, the Commission's Staff has investigated the Applicant and has not discovered that the Applicant is currently subject to any Commission finding that the utility is unwilling or unable to provide adequate and reliable water services to its existing customers. The present record does not provide any basis for the Commission to believe that any further investigation into the Applicant's service quality is necessary in order to render a decision in this proceeding.

10. In summary, the Applicant has submitted the necessary proof required by the provisions of *26 Del. C. §§ 203C(e)(1), 203C(e)(1) b., & 203C(e)(3) (2004 Supp.)*, which the Commission's Staff has reviewed and found to be accurate. The Commission also finds no reason that the Applicant is not entitled to a CPCN under the provisions of either *26 Del. C. §§ 203C(f) or 203C(i) (2004 Supp.)*. Since the Applicant has satisfied the statute's requirements, the Commission shall issue a CPCN permitting the Applicant to expand its operations to provide

water utility services to the parcels identified in Exhibit "A" hereto.

Now, therefore, **IT IS ORDERED:**

1. That, pursuant to *26 Del. C. § 203C(e) (2004 Supp.)*, the application for a Certificate of Public Convenience and Necessity, as filed in PSC Docket No. 05-CPCN-10, is hereby approved to the extent it is consistent with this Order, and a CPCN is granted to Artesian Water Company, Inc., to serve the area identified by the tax parcel numbers set forth in Exhibit "A" to this Order.

2. That Artesian Water Company, Inc., shall comply with any and all federal, state, county, and local statutes, ordinances, orders, regulations, rules, and permit conditions that are applicable, or may become applicable, to any matter involving water utility services provided to the service territory granted by this Certificate of Public Convenience and Necessity.

3. That the Commission reserves the jurisdiction and authority to enter such further Orders in this matter as may be deemed necessary or proper.

BY ORDER OF THE COMMISSION:
