**ORDER NO. 6963**

**ELECTRIC SUPPLIER CERTIFICATE**

This 11<sup>th</sup> day July, 2006, the Commission determines and Orders the following:

1. In the Electric Restructuring Act of 1999 (72 Del. Laws Ch. 10), the General Assembly instituted a new regime to govern the generation, supply, and sale of electricity within this State. Regulation of the supply of electricity will, at various times, end and be replaced with the opportunity for retail customers to purchase electric supply from a supplier competing in an essentially non-supervised market. Thus, beginning on October 1, 1999, the generation, supply, and sale of electricity (including all related facilities and assets) is, and will be, no longer regulated by the Commission as a public utility service or function. 26 Del. C. § 1003(a).

2. Under the Act, every Electric Supplier seeking to provide Electric Supply Service under this new regime must obtain an Electric Supplier certificate from the Commission. 26 Del. C. § 1012(a). Pursuant to the authority granted by 26 Del. C. § 1012(a) and (b), the Commission has adopted, in Regulation Docket No. 49, "Rules for the Certification and Regulation of Electric Suppliers" ("ES Rules"). See PSC Order No. 5207 (Aug. 31, 1999) (adopting initial ES Rules). The

ES Rules set forth the criteria for Electric Supplier certification and lay the ground rules for how certificated Electric Suppliers must operate within the new competitive regime.

3. On May 4, 2006, American PowerNet Management, LP, filed an application to be certificated as an Electric Supplier to provide Electric Supply Service to Customers within this State. Staff reports that the application filed by American PowerNet Management, LP, meets all the criteria set forth in Section II of the ES Rules and that American PowerNet Management, LP, appears to possess the financial, operational, managerial, and technical capabilities to offer Electric Supply Service to Customers.<sup>1</sup> In light of Staff's recommendations, the Commission hereby grants an Electric Supplier Certificate to American PowerNet Management, LP.

Now, therefore, **IT IS ORDERED:**

1. That American PowerNet Management, LP, is hereby granted, under 26 Del. C. § 1012(a) and Section II of the "Rules for the Certification and Regulation of Electric Suppliers," a certificate to do business, and operate, as an Electric Supplier within this State. Under this certificate, American PowerNet Management, LP, is authorized to provide Electric Supply Service to Customers within this State in accord with 26 Del. C. Chapter 10.
