OF THE STATE OF DELAWARE**

IN THE MATTER OF THE APPLICATION OF)
TIDEWATER UTILITIES, INC., FOR A)
CERTIFICATE OF PUBLIC CONVENIENCE AND) PSC DOCKET NO. 06-CPCN-53
NECESSITY TO PROVIDE WATER SERVICES TO) ("STATE TROOPERS
ONE PARCEL OF LAND LOCATED ON MESSINA) ASSOCIATION")
HILL ROAD, NORTH OF CHESWOLD, KENT)
COUNTY, DELAWARE)
(FILED SEPTEMBER 20, 2006)

ORDER NO. 7086

**CERTIFICATE OF PUBLIC CONVENIENCE AND NECESSITY
TO PROVIDE PUBLIC WATER UTILITY SERVICES**

This 5th day of December, 2006, the Commission finds, determines, and Orders the following:

I. BACKGROUND

1. Tidewater Utilities, Inc. ("Tidewater" or "Applicant"), is a water utility providing water services for public use that is subject to the regulatory jurisdiction of this Commission. On September 20, 2006, the Applicant filed an application ("Application") with the Commission seeking a Certificate of Public Convenience and Necessity ("CPCN") to expand its facilities and operations in order to provide water services to one parcel of land located on Messina Hill Road, north of Cheswold, Kent County, Delaware ("Proposed Service Area"). The basis for the Application is Tidewater's possession of a petition requesting water services signed by the landowners as set forth in 26 Del. C. § 203C(e)(1)b.

2. Staff reviewed the Application in accordance with the rules adopted in PSC Regulation Docket No. 51, Order No. 5730, effective

July 10, 2001, and found no errors or omissions. Staff has solicited comments from the Office of Drinking Water of the Department of Public Health, the Office of the State Fire Marshal, and the Division of Water Resources of the Department of Natural Resources and Environmental Control. Additionally, Staff directed Tidewater to publish notice of the Application in two newspapers of general circulation, advising residents of the Application, that the Application may be reviewed at the Commission's office during normal business hours or on the Commission's website, that a hearing in this matter would not be held unless a meritorious request for a hearing was received, and that property owners may object to, or "opt-out," of the proposed CPCN area. No comments regarding this application have been received by the Commission as a result of either the landowner notifications or the public notices.

II. SUMMARY OF THE EVIDENCE

3. The record in this matter consists of the Application, including Applicant's request that the Commission proceed in this matter under the informal fact-finding procedures set forth in *29 Del. C. § 10123* (*¶ 3*). In addition, the Application includes:

- (i) a petition signed by the owner of the parcel of land comprising the Proposed Service Area;
- (ii) a copy of the United States Postal Service's forms verifying that the Applicant sent, via certified mail, a Commission approved notice to the landowner as prescribed by Water Utility CPCN Reg. 10.109;
- (iii) the County tax map parcel identification number of the property in the Proposed Service Area;

- (iv) a listing of the landowner of record of the parcel comprising the Proposed Service Area and the associated tax map; and
- (v) the Applicant's statement that its expansion of service to the parcel in the Proposed Service Area, will comply with the water pressure requirements of 26 Del. C. § 403(a)&(b), and is not barred by any of the restrictions set forth in 26 Del. C. § 403(c);

4. The record also contains:

- (i) affidavits of publication of the public notices of the Application in the Delaware State News and in The News Journal newspapers on October 5, 2006;
- (ii) correspondence from the Office of Drinking Water of the Division of Public Health (dated September 23, 2006), from the Office of the State Fire Marshal (dated November 14, 2006), and from the Department of Natural Resources and Environmental Control (printed e-mail dated September 22, 2006) reporting that there are no outstanding issues with the Applicant that might preclude granting the requested CPCN;
- (iii) Staff's November 27, 2006 memorandum of its investigation recommending the Commission approve the Application and grant the requested CPCN. Staff reports that, based upon its review, Tidewater has complied with all the statutory and regulatory requirements necessary for granting the CPCN.

III. FINDINGS OF FACT & CONCLUSIONS OF LAW

5. The Commission has jurisdiction to grant a CPCN permitting a water utility to expand its operations and facilities, and the Applicant operates a water system for public use and, consequently, is a water utility.

6. First, the Applicant obtained the consent of the landowners of the property within the Proposed Service Area in compliance of 26 Del. C. § 203C(e)(1)(b). Second, the Applicant sent by certified mail an approved notice of its Application to the owners of the parcel of land within the Proposed Service Area. Third, the record reflects the Applicant's statement that the Applicant will continue to meet the water pressure requirements for its existing customers, and the Applicant's statement that it is not subject to any regulatory Order or finding pertaining to the quality of its service to existing customers which would preclude it from expanding its operations or facilities.

7. The Commission's Staff has investigated the Applicant and has not discovered that the Applicant is currently subject to any Commission finding that the utility is unwilling or unable to provide adequate and reliable water service to its existing customers. The present record does not provide a basis for the Commission to believe further investigation into the Applicant's service quality is necessary in order to render a decision in this proceeding.

8. In summary, the Applicant has submitted the necessary proof required by the provisions of 26 Del. C. §§ 203C(e)(1), 203C(e)(1) b., & 203C(e)(3), which the Commission's Staff has reviewed and found to be accurate. The Commission also finds no reason that the Applicant is not entitled to a CPCN under the provisions of either 26 Del. C. §§ 203C(f) or 203C(i).

Now, therefore, **IT IS ORDERED:**

1. That, pursuant to 26 Del. C. § 203C(e), the application for a Certificate of Public Convenience and Necessity, as filed in PSC Docket No. 06-CPCN-53 on September 20, 2006, is hereby approved to the extent it is consistent with this Order, and a CPCN is granted to Tidewater Utilities, Inc., to serve the area identified by the Kent County Tax Map Parcel Number LC00-037.00-01-14.00.

2. That Tidewater Utilities, Inc., shall comply with any and all federal, state, county, and local statutes, ordinances, orders, regulations, rules, and permit conditions that are applicable, or may become applicable, to any matter involving water utility services provided to the service territory granted by this Certificate of Public Convenience and Necessity.

3. That the Commission reserves the jurisdiction and authority to enter such further Orders in this matter as may be deemed necessary or proper.
