PURSUANT TO SECTION 252(e) OF THE)
TELECOMMUNICATIONS ACT OF 1996)
(FILED OCTOBER 25, 2006))

ORDER NO. 7089

APPROVAL OF INTERCONNECTION AGREEMENT

A. INTRODUCTION

1. On October 25, 2006, Verizon Delaware LLC, and TransNational Communications International, Inc.,¹ filed an Interconnection Agreement (the "Agreement") and Amendment No. 1 (the "Amendment") with the Commission. The parties seek approval of the Agreement and Amendment No. 1 under 47 U.S.C. § 252(e)(1). All of the terms of the Agreement and Amendment are the result of negotiations between the parties. Under 47 U.S.C. § 252(e)(2)(A), the Commission may reject a negotiated agreement only if it finds that:

- (a) the agreement discriminates against a telecommunications carrier not a party to the agreement; or
- (b) the implementation of such agreement is not consistent with the public interest, convenience, and necessity.

¹TransNational Communications International, Inc., currently holds a conditional Certificate of Public Convenience and Necessity to provide local exchange telecommunications services in Delaware. See PSC Order No. 6817 (Jan. 24, 2006).

2. The Commission provided notice of the request for approval and solicited comments on the Commission's website. Only the Commission Staff filed comments. Staff concluded that the Agreement and Amendment do not appear to discriminate against telecommunications carriers who are not parties to the Agreement and, with some prior assurances, does not appear to be inconsistent with the public interest, convenience, and necessity. Staff urged approval subject to the condition that the parties seek approval of any later changes.

B. FINDINGS AND OPINION

3. After consideration at its meeting on December 5, 2006, the Commission has concluded that there is no basis for finding that the Agreement and Amendment discriminates against any telecommunications carrier not a party to the Agreement or that implementation of the Agreement and Amendment would not be consistent with the public interest, convenience, and necessity. No person has requested that the Agreement and Amendment be rejected or presented any reason for rejection. Therefore, the Commission concludes that the tendered Agreement and Amendment should be approved, subject to the conditions set forth below.

C. ORDER

Now, therefore, this 5th day of December, 2006, **IT IS ORDERED:**

1. That, subject to the conditions set forth in this Order, the Interconnection Agreement and Amendment No. 1 presented by Verizon Delaware LLC, and TransNational Communications International, Inc., on October 25, 2006, are approved under the provisions of 47 U.S.C. § 252(e)(2)(A).

2. That, pursuant to the provisions of 47 U.S.C. § 252(h), the Interconnection Agreement and Amendment No. 1 between Verizon Delaware LLC, and TransNational Communications International, Inc., shall be made available for public inspection and copying.

3. That, pursuant to the provisions of 47 U.S.C. § 252(i), Verizon Delaware LLC shall make available any interconnection, service, or network element provided under the above Agreement to any other requesting telecommunications carrier upon the same terms and conditions as provided in the Agreement.

4. That Verizon Delaware LLC, and TransNational Communications International, Inc., shall promptly notify the Commission of the nature and terms of any changes to be made to the Agreement either by further agreement of the parties, by operation of the terms of the present agreement, or by changes in any referenced tariffs.

5. That the Commission reserves the jurisdiction and authority to enter such further Orders in this matter as may be deemed necessary or proper.
