**ORDER NO. 7298**

**CERTIFICATE OF PUBLIC CONVENIENCE AND NECESSITY  
TO PROVIDE PUBLIC WATER UTILITY SERVICES**

This 2<sup>nd</sup> day of October, 2007, the Commission finds, determines, and Orders the following:

**I. BACKGROUND**

1. Tidewater Utilities, Inc. ("Tidewater" or "Applicant"), is a water utility providing water services for public use that is subject to the regulatory jurisdiction of this Commission. On July 27, 2007, the Applicant filed an application ("Application") with the Commission seeking a Certificate of Public Convenience and Necessity ("CPCN") to expand its facilities and operations in order to provide water services to twenty-eight parcels of land distributed from west of Lewes to east of Bridgeville to north of Selbyville, Sussex County, Delaware ("Proposed Service Area"). The basis for the Application is Tidewater's possession of petitions requesting water services signed by all of the owners of the parcels of land comprising the Proposed Service Area as set forth in 26 Del. C. § 203C(e)(1)b.

2. The Commission Staff has reviewed the Application, and all noted deficiencies, further detailed in Staff's September 25, 2007

memorandum, were corrected by the Applicant in an August 22, 2007 amendment to the Application. As a result of this amendment, the Proposed Service Area now consists of a total of twenty-seven parcels of land.

3. The Commission Staff has also solicited comments from the Office of Drinking Water of the Department of Public Health, the Office of the State Fire Marshal, and the Division of Water Resources of the Department of Natural Resources and Environmental Control. All three agencies responded indicating that they have no issues relating to Tidewater's ability to provide safe, adequate, and reliable water services to its existing customers.

4. Finally, in addition to the required landowner notification, Staff directed Tidewater to publish notice of the Application in two newspapers of general circulation. The Commission has not received any comments on the Applicant or the Application.

## **II. SUMMARY OF THE EVIDENCE**

5. The record in this matter consists of the Application, as amended, including Applicant's request that the Commission proceed in this matter under the informal fact-finding procedures set forth in 29 Del. C. § 10123 (¶ 3). The amended Application includes:

- (i) petitions signed by all owners of the parcels of land comprising the Proposed Service Area, as amended, requesting water services;
- (ii) copies of the United States Postal Service's forms verifying that the Applicant sent, via certified mail, a Commission approved notice to all landowners in the Proposed Service Area, as amended;

- (iii) the County tax map parcel identification numbers of the properties comprising the Proposed Service Area, as amended;
- (iv) a listing of the landowners of record and the associated tax maps; and
- (v) the Applicant's statement that its expansion of service to the Proposed Service Area, as amended, will comply with the water pressure requirements of 26 Del. C. § 403(a)&(b), and is not barred by any of the restrictions set forth in 26 Del. C. § 403(c);

6. The record also contains:

- (i) affidavits of publication of the public notices of the Application in the Delaware State News newspaper on August 24, 2007, and in The News Journal newspaper on August 31, 2007;
- (ii) correspondence from the Office of Drinking Water of the Division of Public Health, from the Office of the State Fire Marshal, and from the Department of Natural Resources and Environmental Control reporting that there are no outstanding issues with the Applicant that might preclude granting the requested CPCN;
- (iii) Staff's September 25, 2007 memorandum of its investigation and recommending the Commission approve the amended Application and grant the requested CPCN. Staff reports that, based upon its review, Tidewater has complied with all the statutory and regulatory requirements necessary for granting the CPCN.

### **III. FINDINGS OF FACT & CONCLUSIONS OF LAW**

7. The Commission has jurisdiction to grant a CPCN permitting a water utility to expand its operations and facilities, and the Applicant operates a water system for public use and, consequently, is a water utility.

8. First, the Applicant obtained the consent of all of the landowners in the Proposed Service Area, as amended, in compliance of 26 Del. C. § 203C(e)(1)(b). Second, the Applicant sent by certified mail an approved notice of its Application to all landowners in the Proposed Service Area, as amended. Third, the record reflects the Applicant's statement that the Applicant will continue to meet the water pressure requirements for its existing customers, and the Applicant's statement that it is not subject to any regulatory Order or finding pertaining to the quality of its service to existing customers which would preclude it from expanding its operations or facilities.

9. The Commission's Staff has investigated the Applicant and has discovered that the Applicant is currently not subject to any Commission finding that the utility is unwilling or unable to provide adequate and reliable water service to its existing customers. The present record does not provide a basis for the Commission to believe further investigation into the Applicant's service quality is necessary in order to render a decision in this proceeding.

10. In summary, the Applicant has submitted the necessary proof required by the provisions of 26 Del. C. §§ 203C(e)(1), 203C(e)(1) b., & 203C(e)(3), which the Commission's Staff has reviewed and found to be accurate. The Commission also finds no reason that the Applicant is not entitled to a CPCN under the provisions of either 26 Del. C. §§ 203C(f) or 203C(i).

Now, therefore, **IT IS ORDERED:**

1. That, pursuant to *26 Del. C. § 203C(e)*, the application for a Certificate of Public Convenience and Necessity, as filed in PSC Docket No. 07-CPCN-44 on July 27, 2007 and amended on August 22, 2007, is hereby approved to the extent it is consistent with this Order, and a Certificate of Public Convenience and Necessity is granted to Tidewater Utilities, Inc., to serve the area more specifically identified by the following Sussex County Tax Map Parcels Numbers:

131-15.00-28.00	134-16.00-5.04	235-23.00-56.00

134-16.00-5.03	235-23.00-4.10	533-5.00-82.00

2. That Tidewater Utilities, Inc., shall comply with any and all federal, state, county, and local statutes, ordinances, orders, regulations, rules, and permit conditions that are applicable, or may become applicable, to any matter involving water utility services provided to the service territory granted by this Certificate of Public Convenience and Necessity.
