**ORDER NO. 7632**

**CERTIFICATE OF PUBLIC CONVENIENCE AND NECESSITY  
TO PROVIDE WASTEWATER SERVICES**

This 18<sup>th</sup> day of August, 2009, the Commission determines and Orders the following:

1. This Commission exercises regulatory oversight over non-governmental wastewater public utilities that serve more than fifty customers. See 26 Del. C. § 102(6) (2006 Supp.). That regulatory oversight includes the authority to grant Certificates of Public Convenience and Necessity ("CPCN") to enable an entity to begin the business of a wastewater public utility or to permit an existing wastewater public utility to extend its system and operations. See 26 Del. C. § 203D (2006 Supp.), as now further amended by 76 Del. Laws ch. 57 (June 28, 2007) and 76 Del. Laws ch. 162 (July 18, 2007). Under such statutory regime, and specifically 26 Del. C. § 203D(d)(2), a wastewater utility may obtain a CPCN for a new service territory if it submits petitions requesting the utility's wastewater services executed by the landowners of each parcel or parcels to be encompassed within such new service area.

2. In 2005, by PSC Order No. 6573 (Feb. 22, 2005), the Commission adopted final *Regulations Concerning the Jurisdiction of the Public Service Commission to Grant and Revoke Certificates of Public Convenience and Necessity to Provide Wastewater Services* ("Regulations"). Those Regulations implement the CPCN regime for public wastewater utilities.

3. Artesian Wastewater Management, Inc. ("Artesian") is a public utility offering wastewater services, and is subject to the regulatory oversight of this Commission. On May 28, 2009, Artesian filed an application with the Commission requesting a CPCN to provide its wastewater services to two parcels of land located northwest of Houston, Kent County, Delaware ("Proposed Service Area").

4. As required by 26 Del. C. § 203D(d)(2) and the Commission Regulations, Artesian included in its application: (a) petitions requesting wastewater service signed by the owners of the parcels of land comprising the Proposed Service Area; and (b) evidence, in the form of signed United States Postal Service certified mail receipts, showing that all of the landowners were sent notice of Artesian's Application.<sup>1</sup> Kent County Tax Maps showing the location of the Proposed Service Area was also included with the Application.

5. Pursuant to Commission Regulations, Commission Staff requested written comment from the Delaware Department of Natural Resources and Environmental Control ("DNREC") as to whether there are

<sup>1</sup>Prior to June 28, 2007, § 203D(d)(2) required the utility to provide notice to affected landowners of its application for a wastewater CPCN. That statutory requirement of notice was not carried forward in the June and July, 2007 amendments to § 203D(d)(2); however, Commission Regulations continue to require notice to affected landowners.

any outstanding issues with that agency that would indicate that Artesian has been unwilling or unable to provide safe, adequate, and reliable wastewater services to its existing customers.<sup>2</sup> In its reply, DNREC reported that it had no objection to the Commission granting the requested CPCN to provide wastewater treatment and disposal services to the Proposed Service Area.

7. The Commission Staff has reviewed the Application and found no errors or omissions. Staff reports to the Commission in its August 26, 2009 memorandum that Artesian's Application meets all requirements for the granting of a CPCN under 26 *Del. C.* § 203D and the Commission's Regulations and recommends approval of the Application.

8. For these reasons, the Commission finds that Artesian has met the requirements for the granting of a CPCN and, therefore, the Commission shall approve the Application as filed in PSC Docket No. 09-WW-002 on May 28, 2009.

**NOW, THEREFORE, IT IS HEREBY ORDERED BY THE AFFIRMATIVE VOTE OF NOT FEWER THAN THREE COMMISSIONERS:**

---

<sup>2</sup>Under the Commission's Regulations, the utility was required to submit a copy of its application to DNREC; the Office of State Planning ("OSP"); and "a) any county within whose boundaries the proposed service territory would be located; and b) any municipality, town or local authority: i) whose boundaries are adjacent to the proposed service territory; or ii) within whose boundaries or existing wastewater service territory the proposed service territory would be located." Here, Staff solicited comments from DNREC and, by copy, also gave both the OSP and the Sussex County Engineering Department ("the County") the opportunity to offer their views. In this case, OSP indicated that Kent County Tax Map Parcel Number MD00-172.00-02-11.00 has been reviewed as PLUS 2007-02-11 (Patrefa Point) and they object to the development of this property. The remaining parcel in the Proposed Service area is located in an Investment Level 4 Area, according to the "Strategies for State Policies and Spending," where new development activities and suburban development are not supported.

1. That, pursuant to the provisions of 26 Del. C. § 203D(d)(2), a Certificate of Public Convenience and Necessity is granted to Artesian Wastewater Management, Inc. to provide wastewater public utility services to the area more specifically identified by Kent County Tax Map Parcel Numbers MN00-172.00-01-36.00 and MD00-172.00-02.11.00.

2. That Artesian Wastewater Management, Inc., shall comply with any and all federal, state, county, and local statutes, ordinances, orders, regulations, rules, and permit conditions that are applicable, or may become applicable, to any matter involving wastewater utility services provided to the service territory granted by this Certificate of Public Convenience and Necessity.

3. That the Commission reserves the jurisdiction and authority to enter such further Orders in this matter as may be deemed necessary or proper.
