Dear Mrs. Conaway,

Hello. I am writing in regards to the merger between Pepco Holdings, Inc. and Exelon Corporation. This merger will have amazing effects on the local economy as it will help sustain a local workforce, and keep more local money in the local economy.

The IBEW has a strong presence on Delmarva and we are very familiar with the needs of the local union workforce and how their employment affects the local economy. The IBEW works hard to keep local people employed locally and fighting the trend of using undocumented and out of state workers to take jobs away from the local citizens and money out of the local economy. Our commitment to a safe and fair work environment is second to none.

As you will soon be making a decision on this merger, I would like to sit down with you to discuss the benefits this merger will have on the Delmarva workforce we represent and their surrounding communities.

Sincerely yours,

Cotton Collins
