DELAWARE PUBLIC SERVICE  
COMMISSION  
PUBLIC NOTICE OF CABLE RATE  
ADJUSTMENTS  
PSC DOCKET NO. 15-1455

TO: ALL CUSTOMERS SUBSCRIBING  
TO BASIC SERVICE TIER ("BST") CA-  
BLE TELEVISION FROM COMCAST  
OF DELMARVA, INC. LOCATED  
WITHIN THE UNINCORPORATED  
AREAS OF KENT COUNTY, DESIG-  
NATED AS CUID NUMBER DE0062,  
AND OTHER INTERESTED PARTIES

Comcast of Delmarva, Inc. ("Comcast") holds a franchise from the Delaware Public Service Commission ("PSC") to provide cable television service within certain unincorporated areas of Kent County, Delaware, designated as Community Unit Identification ("CUID") Number DE0062. As the designated local franchising authority, the PSC has the authority, pursuant to 26 Del. C. §605, to regulate the rates that Comcast charges for basic service tier ("BST") cable service and related equipment and installations, under rate-setting rules and methodologies adopted by the Federal Communications Commission ("FCC"). Under the FCC regulations, Comcast may file annually to adjust its maximum permitted rates for BST cable service to reflect inflation, changed external programming costs, and channel deletions or additions (47 C.F.R. §76.922(e)) and to adjust its associated equipment and installation charges for changes in actual costs (47 C.F.R. §76.923).

On October 1, 2015, Comcast filed the required FCC Forms 1240 and 1205 with the PSC seeking approval for changes to its maximum permitted BST rate and to its equipment and installation charges in the above areas, with an effective date of January 1, 2016.

Under Comcast's proposal, the maximum permitted rate effective January 1, 2016, for the BST in the aforementioned service areas under the FCC's regulations would increase compared to the current maximum permitted rate and the operator-selected rate. Effective January 1, 2016, the maximum permitted rate would be \$35.39, an increase of \$12.30 over the current operator-selected rate of \$23.09 per month. Comcast must give 30 days' advance notice for any increase in its BST. In addition, the rates for certain installation and equipment charges would increase, decrease, or remain the same depending on the particular charge. In all instances, the operator selected rates are at or below the maximum permitted rate established by Comcast pursuant to

governed by certain portions of the FCC's regulations.

You are invited to review Comcast's filed FCC Forms and supporting documents to determine how your interest may be affected. You may review the posted documents by searching for Docket No. 15-1455 at the PSC's DelaFile website, which can be found at <https://delafile.delaware.gov>. Any customer who wishes to make written comments concerning the proposed adjustments in rates may do so by mailing those written comments to the PSC at its office located at 861 Silver Lake Boulevard, Cannon Building, Suite 100, Dover, Delaware 19904, referencing PSC Docket No. 15-1454. Customers may also upload written comments into the PSC's DelaFile system, which can be found at this website address: <https://delafile.delaware.gov/Complaints/AddPublicComments.aspx>. All written comments must be received by no later than 4:30 p.m. on November 20, 2015.

The PSC will hold a public evidentiary hearing on the requested rate changes and associated equipment and installation charges during the PSC's regularly-scheduled meeting on December 3, 2015, beginning at 1:00 p.m. in the PSC's office in Dover, Delaware. At that hearing, Comcast will present evidence concerning whether or not the proposed changes comply with FCC regulations, and the PSC Staff will have the opportunity to present additional evidence concerning the proposed changes. The PSC will

make its decision to allow all, or any part, of the proposed changes upon the basis of the evidence of record taken at the public evidentiary hearing held on December 3, 2015, and will consider the written comments received by the public. Evidentiary hearings are for the purpose of formally receiving evidence from the parties in the case.
