**APPLICATION FOR A CERTIFICATE OF PUBLIC CONVENIENCE AND
NECESSITY REQUIRED TO BEGIN OR EXPAND THE BUSINESS
OF A PUBLIC WASTEWATER UTILITY**

BEFORE THE PUBLIC SERVICE COMMISSION

This form of application must be filed for each new or expanding water system pursuant to 26 Del. C. §203D(d).

WASTEWATER UTILITIES:

1. Basis for application:

- a. The applicant is in possession of a signed service agreement with the developer of a proposed subdivision or development, which subdivision or development has been duly approved by the respective county government (26 Del. C. § 203D(d)(1)); or
- b. The applicant is in possession of a petition signed by a majority of the parcel owners of the proposed territory to be served (26 Del. C. § 203D(d)(2)); or
See Exhibit A
- c. The applicant is in possession of a duly certified copy of a resolution from the governing body of a county or municipality requesting the applicant to provide service to the proposed territory to be served (26 Del. C. § 203D(d)(3)).

2. To obtain a Certificate of Public Convenience and Necessity ("CPCN") to provide adequate wastewater service to customers.

3. Artesian Wastewater Management, Inc. requests an informal fact finding procedure during review of the application.

4. (a) Full legal name and address of the Applicant:

ARTESIAN WASTEWATER MANAGEMENT, INC.
664 CHURCHMANS ROAD NEWARK, DE 19702

(b) Full name of the Utility's designated representative: **DAVID B. SPACHT**

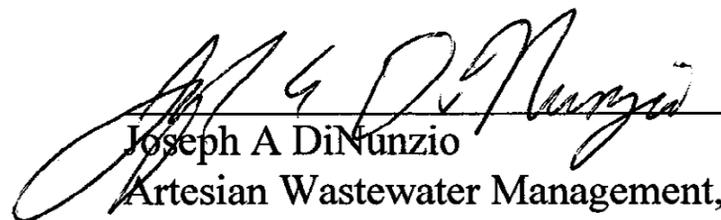

(c) Phone No.: **(302) 453-6912**

(d) Fax No.: **(302) 453-6980**

5. Supporting documentation required by 26 Del. C. § 203E(1), including evidence that all landowners of the proposed territory have been notified of the application:
See Exhibit B
6. A complete list of county tax map parcel number(s) for the area covered by the Application:
See Exhibit A
7. A complete list of tax map numbers with corresponding names and addresses of property owners and a copy of the tax map(s) for the area:
See Exhibit C
8. The Applicant hereby certifies that the extension will satisfy the provisions of 26 Del. C. §403C, including:
 - (a) The Applicant is currently not subject to a finding by the appropriate federal or state regulatory authority that we have materially failed to comply with applicable wastewater treatment standards; and
 - (b) The Applicant is not subject to any Order issued by the Commission finding that Artesian Wastewater Management, Inc. has materially failed to provide adequate or proper safe wastewater services to existing customers.
9. As shown in Exhibit A, a majority of the parcel owners of the proposed territory to be served agree with the filing of a CPCN to permitting Applicant to provide them with public wastewater services.
 - (a) A copy of the Application was sent to the Department of Public Health and Department of Natural Resources on or about December 3, 2010.
 - 1) The current status of such Application is: En route via mail
 - (b) The Applicant provides the following additional information with this Application:
 - 1) A corporate history including dates of incorporation, subsequent acquisitions and/or mergers are currently on file with the PSC;
 - 2) A chart, which depicts the inter-company relationships is currently on file with the PSC;
 - 3) A map identifying all areas, including all towns, cities, counties, and other government subdivisions to which service is already provided;

- 4) All copies of Applicant's annual reports to stockholders, and that of its subsidiaries, and parent for the last two years are currently on file with the PSC;
- 5) Applicant's audited financial statements, 10K's, and all proxy material for the last two years are currently on file with the PSC; and
- 6) Any additional information required by the PSC Staff will be made available on request.

Respectfully Submitted,

Joseph A DiNunzio

Re: Sussex County Tax Parcel(s) 13501000000702

Dear Mr. Smith:

We recently received a signed petition from you requesting that Artesian Wastewater Management, Inc. provide wastewater service to your property in Sussex County.

In order to provide your area with public wastewater, Artesian must file for a Certificate of Public Convenience and Necessity (CPCN) with the Public Service Commission (PSC). Attached is information we are required to provide to all landowners within the proposed service territory prior to filing for the CPCN Application.

The CPCN, when granted, will allow Artesian to be the public wastewater service provider for your area. You are not obligated to connect to the public wastewater system when it becomes available.

Artesian provides excellent customer service and water quality. A recent survey of our current customers showed that 96% of our customers, if given the choice, would choose Artesian again.

If we can be of any further assistance to you, please feel free to contact Alan Fleetwood at 1-800-332-5114 or (302) 453-6983.

Sincerely,

Alan L. Fleetwood

Alan L. Fleetwood
CPCN Coordinator

LANDOWNER NOTIFICATION

In accordance with Delaware law and regulations of the Delaware Public Service Commission, the applicant, Artesian Wastewater Management, Inc., must show evidence that all landowners of the proposed territory have been notified by certified mail or its' equivalent of the filing of the Application.

- "(1) Pursuant to Title 26, §203D(d)(2) of the Delaware Code, an Application for a Certificate of Public Convenience and Necessity (CPCN) will be submitted to the Delaware Public Service Commission on or about December 6. Your property has been included within an area Artesian Wastewater Management, Inc. intends to serve with public wastewater and we are required to inform you of certain information. The area to be served is Route 9 Area Part 4. ***If you agree to the inclusion of your property in the proposed service area, no action on your part is required. Inclusion of your property in a CPCN area does not obligate you to connect immediately to our system; however, should your existing system fail and public wastewater services are deemed to be legally and publicly available, you may then be required to connect.
- (2) Under Delaware law, the Public Service Commission cannot grant a CPCN to Artesian Wastewater Management, Inc., if a majority of the landowners in the proposed wastewater service area object to the issuance of the CPCN. If you object to the issuance of a CPCN for the proposed area that includes your property, you must notify the Commission, in writing, within sixty days of your receipt of this notice or within thirty days of the filing of the completed application for a CPCN, whichever is greater.
- (3) You may also request a public hearing on this matter. The purposed of the public hearing will be to demonstrate why it would not be in the public interest for the Commission to grant Artesian Wastewater Management, Inc., a CPCN to provide wastewater services to the proposed area. A request for a public hearing must be made in writing to the Commission within sixty days of your receipt of this notice or within thirty days of the filing of the completed Application for a CPCN, whichever is greater.
- (4) The written notice of your decision to object to the issuance of the CPCN, or your written request for a public hearing, should be sent to the Secretary of the Delaware Public Service Commission at the address listed below.
- (5) Any written notice you send to the Commission must include the description of the service area referred to in paragraph (1) above, your tax parcel identification number, and the name of the applicant so the Commission will be able to identify the CPCN Application to which your notice is related.
- (6) Questions regarding objections, opt-outs, and hearings may be directed to:

Re: Sussex County Tax Parcel(s) 13501100007300

Dear Donald F and Ruth H Heffley:

We recently received a signed petition from you requesting that Artesian Wastewater Management, Inc. provide wastewater service to your property in Sussex County.

In order to provide your area with public wastewater, Artesian must file for a Certificate of Public Convenience and Necessity (CPCN) with the Public Service Commission (PSC). Attached is information we are required to provide to all landowners within the proposed service territory prior to filing for the CPCN Application.

The CPCN, when granted, will allow Artesian to be the public wastewater service provider for your area. You are not obligated to connect to the public wastewater system when it becomes available.

Artesian provides excellent customer service and water quality. A recent survey of our current customers showed that 96% of our customers, if given the choice, would choose Artesian again.

If we can be of any further assistance to you, please feel free to contact Alan Fleetwood at 1-800-332-5114 or (302) 453-6983.

Sincerely,

Alan L. Fleetwood

Alan L. Fleetwood
CPCN Coordinator

LANDOWNER NOTIFICATION

In accordance with Delaware law and regulations of the Delaware Public Service Commission, the applicant, Artesian Wastewater Management, Inc., must show evidence that all landowners of the proposed territory have been notified by certified mail or its' equivalent of the filing of the Application.

- "(1) Pursuant to Title 26, §203D(d)(2) of the Delaware Code, an Application for a Certificate of Public Convenience and Necessity (CPCN) will be submitted to the Delaware Public Service Commission on or about December 6. Your property has been included within an area Artesian Wastewater Management, Inc. intends to serve with public wastewater and we are required to inform you of certain information. The area to be served is Route 9 Area Part 4. ***If you agree to the inclusion of your property in the proposed service area, no action on your part is required. Inclusion of your property in a CPCN area does not obligate you to connect immediately to our system; however, should your existing system fail and public wastewater services are deemed to be legally and publicly available, you may then be required to connect.
- (2) Under Delaware law, the Public Service Commission cannot grant a CPCN to Artesian Wastewater Management, Inc., if a majority of the landowners in the proposed wastewater service area object to the issuance of the CPCN. If you object to the issuance of a CPCN for the proposed area that includes your property, you must notify the Commission, in writing, within sixty days of your receipt of this notice or within thirty days of the filing of the completed application for a CPCN, whichever is greater.
- (3) You may also request a public hearing on this matter. The purposed of the public hearing will be to demonstrate why it would not be in the public interest for the Commission to grant Artesian Wastewater Management, Inc., a CPCN to provide wastewater services to the proposed area. A request for a public hearing must be made in writing to the Commission within sixty days of your receipt of this notice or within thirty days of the filing of the completed Application for a CPCN, whichever is greater.
- (4) The written notice of your decision to object to the issuance of the CPCN, or your written request for a public hearing, should be sent to the Secretary of the Delaware Public Service Commission at the address listed below.
- (5) Any written notice you send to the Commission must include the description of the service area referred to in paragraph (1) above, your tax parcel identification number, and the name of the applicant so the Commission will be able to identify the CPCN Application to which your notice is related.
- (6) Questions regarding objections, opt-outs, and hearings may be directed to:

LANDOWNER NOTIFICATION

In accordance with Delaware law and regulations of the Delaware Public Service Commission, the applicant, Artesian Wastewater Management, Inc., must show evidence that all landowners of the proposed territory have been notified by certified mail or its' equivalent of the filing of the Application.

- (1) Pursuant to Title 26, §203D(d)(2) of the Delaware Code, an Application for a Certificate of Public Convenience and Necessity (CPCN) will be submitted to the Delaware Public Service Commission on or about November 29. Your property has been included within an area Artesian Wastewater Management, Inc. intends to serve with public wastewater and we are required to inform you of certain information. The area to be served is Route 9 Area Part 4. ***If you agree to the inclusion of your property in the proposed service area, no action on your part is required. Inclusion of your property in a CPCN area does not obligate you to connect immediately to our system; however, should your existing system fail and public wastewater services are deemed to be legally and publicly available, you may then be required to connect.
- (2) Under Delaware law, the Public Service Commission cannot grant a CPCN to Artesian Wastewater Management, Inc., if a majority of the landowners in the proposed wastewater service area object to the issuance of the CPCN. If you object to the issuance of a CPCN for the proposed area that includes your property, you must notify the Commission, in writing, within sixty days of your receipt of this notice or within thirty days of the filing of the completed application for a CPCN, whichever is greater.
- (3) You may also request a public hearing on this matter. The purposed of the public hearing will be to demonstrate why it would not be in the public interest for the Commission to grant Artesian Wastewater Management, Inc., a CPCN to provide wastewater services to the proposed area. A request for a public hearing must be made in writing to the Commission within sixty days of your receipt of this notice or within thirty days of the filing of the completed Application for a CPCN, whichever is greater.
- (4) The written notice of your decision to object to the issuance of the CPCN, or your written request for a public hearing, should be sent to the Secretary of the Delaware Public Service Commission at the address listed below.
- (5) Any written notice you send to the Commission must include the description of the service area referred to in paragraph (1) above, your tax parcel identification number, and the name of the applicant so the Commission will be able to identify the CPCN Application to which your notice is related.
- (6) Questions regarding objections, opt-outs, and hearings may be directed to:

RE: Sussex County Tax Parcel(s) 23500700014703

Dear Virginia V Waters:

We recently received a signed petition from you requesting that Artesian Wastewater Management, Inc. provide wastewater service to your property in Sussex County.

In order to provide your area with public wastewater, Artesian must file for a Certificate of Public Convenience and Necessity (CPCN) with the Public Service Commission (PSC). Attached is information we are required to provide to all landowners within the proposed service territory prior to filing for the CPCN Application.

The CPCN, when granted, will allow Artesian to be the public wastewater service provider for your area. You are not obligated to connect to the public wastewater system when it becomes available.

Artesian provides excellent customer service and water quality. A recent survey of our current customers showed that 96% of our customers, if given the choice, would choose Artesian again.

If we can be of any further assistance to you, please feel free to contact Alan Fleetwood at 1-800-332-5114 or (302) 453-6983.

Sincerely,

Alan L. Fleetwood

LANDOWNER NOTIFICATION

In accordance with Delaware law and regulations of the Delaware Public Service Commission, the applicant, Artesian Wastewater Management, Inc., must show evidence that all landowners of the proposed territory have been notified by certified mail or its' equivalent of the filing of the Application.

- "(1) Pursuant to Title 26, §203D(d)(2) of the Delaware Code, an Application for a Certificate of Public Convenience and Necessity (CPCN) will be submitted to the Delaware Public Service Commission on or about November 29. Your property has been included within an area Artesian Wastewater Management, Inc. intends to serve with public wastewater and we are required to inform you of certain information. The area to be served is Route 9 Area Part 4. ***If you agree to the inclusion of your property in the proposed service area, no action on your part is required. Inclusion of your property in a CPCN area does not obligate you to connect immediately to our system; however, should your existing system fail and public wastewater services are deemed to be legally and publicly available, you may then be required to connect.
- (2) Under Delaware law, the Public Service Commission cannot grant a CPCN to Artesian Wastewater Management, Inc., if a majority of the landowners in the proposed wastewater service area object to the issuance of the CPCN. If you object to the issuance of a CPCN for the proposed area that includes your property, you must notify the Commission, in writing, within sixty days of your receipt of this notice or within thirty days of the filing of the completed application for a CPCN, whichever is greater.
- (3) You may also request a public hearing on this matter. The purposed of the public hearing will be to demonstrate why it would not be in the public interest for the Commission to grant Artesian Wastewater Management, Inc., a CPCN to provide wastewater services to the proposed area. A request for a public hearing must be made in writing to the Commission within sixty days of your receipt of this notice or within thirty days of the filing of the completed Application for a CPCN, whichever is greater.
- (4) The written notice of your decision to object to the issuance of the CPCN, or your written request for a public hearing, should be sent to the Secretary of the Delaware Public Service Commission at the address listed below.
- (5) Any written notice you send to the Commission must include the description of the service area referred to in paragraph (1) above, your tax parcel identification number, and the name of the applicant so the Commission will be able to identify the CPCN Application to which your notice is related.
- (6) Questions regarding objections, opt-outs, and hearings may be directed to:

RE: Sussex County Tax Parcel(s) 23500800000103

Dear Stephen C & Valerie Potter:

We recently received a signed petition from you requesting that Artesian Wastewater Management, Inc. provide wastewater service to your property in Sussex County.

In order to provide your area with public wastewater, Artesian must file for a Certificate of Public Convenience and Necessity (CPCN) with the Public Service Commission (PSC). Attached is information we are required to provide to all landowners within the proposed service territory prior to filing for the CPCN Application.

The CPCN, when granted, will allow Artesian to be the public wastewater service provider for your area. You are not obligated to connect to the public wastewater system when it becomes available.

Artesian provides excellent customer service and water quality. A recent survey of our current customers showed that 96% of our customers, if given the choice, would choose Artesian again.

If we can be of any further assistance to you, please feel free to contact Alan Fleetwood at 1-800-332-5114 or (302) 453-6983.

Sincerely,

Alan L. Fleetwood

Alan L. Fleetwood

LANDOWNER NOTIFICATION

In accordance with Delaware law and regulations of the Delaware Public Service Commission, the applicant, Artesian Wastewater Management, Inc., must show evidence that all landowners of the proposed territory have been notified by certified mail or its' equivalent of the filing of the Application.

- "(1) Pursuant to Title 26, §203D(d)(2) of the Delaware Code, an Application for a Certificate of Public Convenience and Necessity (CPCN) will be submitted to the Delaware Public Service Commission on or about November 29. Your property has been included within an area Artesian Wastewater Management, Inc. intends to serve with public wastewater and we are required to inform you of certain information. The area to be served is Route 9 Area Part 4. ***If you agree to the inclusion of your property in the proposed service area, no action on your part is required. Inclusion of your property in a CPCN area does not obligate you to connect immediately to our system; however, should your existing system fail and public wastewater services are deemed to be legally and publicly available, you may then be required to connect.
- (2) Under Delaware law, the Public Service Commission cannot grant a CPCN to Artesian Wastewater Management, Inc., if a majority of the landowners in the proposed wastewater service area object to the issuance of the CPCN. If you object to the issuance of a CPCN for the proposed area that includes your property, you must notify the Commission, in writing, within sixty days of your receipt of this notice or within thirty days of the filing of the completed application for a CPCN, whichever is greater.
- (3) You may also request a public hearing on this matter. The purposed of the public hearing will be to demonstrate why it would not be in the public interest for the Commission to grant Artesian Wastewater Management, Inc., a CPCN to provide wastewater services to the proposed area. A request for a public hearing must be made in writing to the Commission within sixty days of your receipt of this notice or within thirty days of the filing of the completed Application for a CPCN, whichever is greater.
- (4) The written notice of your decision to object to the issuance of the CPCN, or your written request for a public hearing, should be sent to the Secretary of the Delaware Public Service Commission at the address listed below.
- (5) Any written notice you send to the Commission must include the description of the service area referred to in paragraph (1) above, your tax parcel identification number, and the name of the applicant so the Commission will be able to identify the CPCN Application to which your notice is related.
- (6) Questions regarding objections, opt-outs, and hearings may be directed to:

Dear John Yorgiadis:

We recently received a signed petition from you requesting that Artesian Wastewater Management, Inc. provide wastewater service to your property in Sussex County.

In order to provide your area with public wastewater, Artesian must file for a Certificate of Public Convenience and Necessity (CPCN) with the Public Service Commission (PSC). Attached is information we are required to provide to all landowners within the proposed service territory prior to filing for the CPCN Application.

The CPCN, when granted, will allow Artesian to be the public wastewater service provider for your area. You are not obligated to connect to the public wastewater system when it becomes available.

Artesian provides excellent customer service and water quality. A recent survey of our current customers showed that 96% of our customers, if given the choice, would choose Artesian again.

If we can be of any further assistance to you, please feel free to contact Alan Fleetwood at 1-800-332-5114 or (302) 453-6983.

Sincerely,

Alan L. Fleetwood

LANDOWNER NOTIFICATION

In accordance with Delaware law and regulations of the Delaware Public Service Commission, the applicant, Artesian Wastewater Management, Inc., must show evidence that all landowners of the proposed territory have been notified by certified mail or its' equivalent of the filing of the Application.

- “(1) Pursuant to Title 26, §203D(d)(2) of the Delaware Code, an Application for a Certificate of Public Convenience and Necessity (CPCN) will be submitted to the Delaware Public Service Commission on or about November 29. Your property has been included within an area Artesian Wastewater Management, Inc. intends to serve with public wastewater and we are required to inform you of certain information. The area to be served is Route 9 Area Part 4. ***If you agree to the inclusion of your property in the proposed service area, no action on your part is required. Inclusion of your property in a CPCN area does not obligate you to connect immediately to our system; however, should your existing system fail and public wastewater services are deemed to be legally and publicly available, you may then be required to connect.
- (2) Under Delaware law, the Public Service Commission cannot grant a CPCN to Artesian Wastewater Management, Inc., if a majority of the landowners in the proposed wastewater service area object to the issuance of the CPCN. If you object to the issuance of a CPCN for the proposed area that includes your property, you must notify the Commission, in writing, within sixty days of your receipt of this notice or within thirty days of the filing of the completed application for a CPCN, whichever is greater.
- (3) You may also request a public hearing on this matter. The purposed of the public hearing will be to demonstrate why it would not be in the public interest for the Commission to grant Artesian Wastewater Management, Inc., a CPCN to provide wastewater services to the proposed area. A request for a public hearing must be made in writing to the Commission within sixty days of your receipt of this notice or within thirty days of the filing of the completed Application for a CPCN, whichever is greater.
- (4) The written notice of your decision to object to the issuance of the CPCN, or your written request for a public hearing, should be sent to the Secretary of the Delaware Public Service Commission at the address listed below.
- (5) Any written notice you send to the Commission must include the description of the service area referred to in paragraph (1) above, your tax parcel identification number, and the name of the applicant so the Commission will be able to identify the CPCN Application to which your notice is related.
- (6) Questions regarding objections, opt-outs, and hearings may be directed to:

LANDOWNER NOTIFICATION

In accordance with Delaware law and regulations of the Delaware Public Service Commission, the applicant, Artesian Wastewater Management, Inc., must show evidence that all landowners of the proposed territory have been notified by certified mail or its' equivalent of the filing of the Application.

- "(1) Pursuant to Title 26, §203D(d)(2) of the Delaware Code, an Application for a Certificate of Public Convenience and Necessity (CPCN) will be submitted to the Delaware Public Service Commission on or about December 6. Your property has been included within an area Artesian Wastewater Management, Inc. intends to serve with public wastewater and we are required to inform you of certain information. The area to be served is Route 9 Area Part 4. ***If you agree to the inclusion of your property in the proposed service area, no action on your part is required. Inclusion of your property in a CPCN area does not obligate you to connect immediately to our system; however, should your existing system fail and public wastewater services are deemed to be legally and publicly available, you may then be required to connect.
- (2) Under Delaware law, the Public Service Commission cannot grant a CPCN to Artesian Wastewater Management, Inc., if a majority of the landowners in the proposed wastewater service area object to the issuance of the CPCN. If you object to the issuance of a CPCN for the proposed area that includes your property, you must notify the Commission, in writing, within sixty days of your receipt of this notice or within thirty days of the filing of the completed application for a CPCN, whichever is greater.
- (3) You may also request a public hearing on this matter. The purposed of the public hearing will be to demonstrate why it would not be in the public interest for the Commission to grant Artesian Wastewater Management, Inc., a CPCN to provide wastewater services to the proposed area. A request for a public hearing must be made in writing to the Commission within sixty days of your receipt of this notice or within thirty days of the filing of the completed Application for a CPCN, whichever is greater.
- (4) The written notice of your decision to object to the issuance of the CPCN, or your written request for a public hearing, should be sent to the Secretary of the Delaware Public Service Commission at the address listed below.
- (5) Any written notice you send to the Commission must include the description of the service area referred to in paragraph (1) above, your tax parcel identification number, and the name of the applicant so the Commission will be able to identify the CPCN Application to which your notice is related.
- (6) Questions regarding objections, opt-outs, and hearings may be directed to:

RE: Sussex County Tax Parcel(s) 23501300002900

Dear Reed Farms LLC W/RT 30:

We recently received a signed petition from you requesting that Artesian Wastewater Management, Inc. provide wastewater service to your property in Sussex County.

In order to provide your area with public wastewater, Artesian must file for a Certificate of Public Convenience and Necessity (CPCN) with the Public Service Commission (PSC). Attached is information we are required to provide to all landowners within the proposed service territory prior to filing for the CPCN Application.

The CPCN, when granted, will allow Artesian to be the public wastewater service provider for your area. You are not obligated to connect to the public wastewater system when it becomes available.

Artesian provides excellent customer service and water quality. A recent survey of our current customers showed that 96% of our customers, if given the choice, would choose Artesian again.

If we can be of any further assistance to you, please feel free to contact Alan Fleetwood at 1-800-332-5114 or (302) 453-6983.

Sincerely,

Alan L. Fleetwood

The area to be served is Route 9 Area Part 4. ***If you agree to the inclusion of your property in the proposed service area, no action on your part is required. Inclusion of your property in a CPCN area does not obligate you to connect immediately to our system; however, should your existing system fail and public wastewater services are deemed to be legally and publicly available, you may then be required to connect.
- (2) Under Delaware law, the Public Service Commission cannot grant a CPCN to Artesian Wastewater Management, Inc., if a majority of the landowners in the proposed wastewater service area object to the issuance of the CPCN. If you object to the issuance of a CPCN for the proposed area that includes your property, you must notify the Commission, in writing, within sixty days of your receipt of this notice or within thirty days of the filing of the completed application for a CPCN, whichever is greater.
- (3) You may also request a public hearing on this matter. The purposed of the public hearing will be to demonstrate why it would not be in the public interest for the Commission to grant Artesian Wastewater Management, Inc., a CPCN to provide wastewater services to the proposed area. A request for a public hearing must be made in writing to the Commission within sixty days of your receipt of this notice or within thirty days of the filing of the completed Application for a CPCN, whichever is greater.
- (4) The written notice of your decision to object to the issuance of the CPCN, or your written request for a public hearing, should be sent to the Secretary of the Delaware Public Service Commission at the address listed below.
- (5) Any written notice you send to the Commission must include the description of the service area referred to in paragraph (1) above, your tax parcel identification number, and the name of the applicant so the Commission will be able to identify the CPCN Application to which your notice is related.
- (6) Questions regarding objections, opt-outs, and hearings may be directed to:

RE: Sussex County Tax Parcel(s) 23501600004307

Dear Michael E Dominguez:

We recently received a signed petition from you requesting that Artesian Wastewater Management, Inc. provide wastewater service to your property in Sussex County.

In order to provide your area with public wastewater, Artesian must file for a Certificate of Public Convenience and Necessity (CPCN) with the Public Service Commission (PSC). Attached is information we are required to provide to all landowners within the proposed service territory prior to filing for the CPCN Application.

The CPCN, when granted, will allow Artesian to be the public wastewater service provider for your area. You are not obligated to connect to the public wastewater system when it becomes available.

Artesian provides excellent customer service and water quality. A recent survey of our current customers showed that 96% of our customers, if given the choice, would choose Artesian again.

If we can be of any further assistance to you, please feel free to contact Alan Fleetwood at 1-800-332-5114 or (302) 453-6983.

Sincerely,

Alan L. Fleetwood

RE: Sussex County Tax Parcel(s) 23502200002310

Dear Lori S Grasing Trustee:

We recently received a signed petition from you requesting that Artesian Wastewater Management, Inc. provide wastewater service to your property in Sussex County.

In order to provide your area with public wastewater, Artesian must file for a Certificate of Public Convenience and Necessity (CPCN) with the Public Service Commission (PSC). Attached is information we are required to provide to all landowners within the proposed service territory prior to filing for the CPCN Application.

The CPCN, when granted, will allow Artesian to be the public wastewater service provider for your area. You are not obligated to connect to the public wastewater system when it becomes available.

Artesian provides excellent customer service and water quality. A recent survey of our current customers showed that 96% of our customers, if given the choice, would choose Artesian again.

If we can be of any further assistance to you, please feel free to contact Alan Fleetwood at 1-800-332-5114 or (302) 453-6983.

Sincerely,

Alan L. Fleetwood

LANDOWNER NOTIFICATION

In accordance with Delaware law and regulations of the Delaware Public Service Commission, the applicant, Artesian Wastewater Management, Inc., must show evidence that all landowners of the proposed territory have been notified by certified mail or its' equivalent of the filing of the Application.

- “(1) Pursuant to Title 26, §203D(d)(2) of the Delaware Code, an Application for a Certificate of Public Convenience and Necessity (CPCN) will be submitted to the Delaware Public Service Commission on or about November 29. Your property has been included within an area Artesian Wastewater Management, Inc. intends to serve with public wastewater and we are required to inform you of certain information. The area to be served is Route 9 Area Part 4. ***If you agree to the inclusion of your property in the proposed service area, no action on your part is required. Inclusion of your property in a CPCN area does not obligate you to connect immediately to our system; however, should your existing system fail and public wastewater services are deemed to be legally and publicly available, you may then be required to connect.
- (2) Under Delaware law, the Public Service Commission cannot grant a CPCN to Artesian Wastewater Management, Inc., if a majority of the landowners in the proposed wastewater service area object to the issuance of the CPCN. If you object to the issuance of a CPCN for the proposed area that includes your property, you must notify the Commission, in writing, within sixty days of your receipt of this notice or within thirty days of the filing of the completed application for a CPCN, whichever is greater.
- (3) You may also request a public hearing on this matter. The purposed of the public hearing will be to demonstrate why it would not be in the public interest for the Commission to grant Artesian Wastewater Management, Inc., a CPCN to provide wastewater services to the proposed area. A request for a public hearing must be made in writing to the Commission within sixty days of your receipt of this notice or within thirty days of the filing of the completed Application for a CPCN, whichever is greater.
- (4) The written notice of your decision to object to the issuance of the CPCN, or your written request for a public hearing, should be sent to the Secretary of the Delaware Public Service Commission at the address listed below.
- (5) Any written notice you send to the Commission must include the description of the service area referred to in paragraph (1) above, your tax parcel identification number, and the name of the applicant so the Commission will be able to identify the CPCN Application to which your notice is related.
- (6) Questions regarding objections, opt-outs, and hearings may be directed to:

RE: Sussex County Tax Parcel(s) 23502200046400

Dear Howard M Teal Jr:

We recently received a signed petition from you requesting that Artesian Wastewater Management, Inc. provide wastewater service to your property in Sussex County.

In order to provide your area with public wastewater, Artesian must file for a Certificate of Public Convenience and Necessity (CPCN) with the Public Service Commission (PSC). Attached is information we are required to provide to all landowners within the proposed service territory prior to filing for the CPCN Application.

The CPCN, when granted, will allow Artesian to be the public wastewater service provider for your area. You are not obligated to connect to the public wastewater system when it becomes available.

Artesian provides excellent customer service and water quality. A recent survey of our current customers showed that 96% of our customers, if given the choice, would choose Artesian again.

If we can be of any further assistance to you, please feel free to contact Alan Fleetwood at 1-800-332-5114 or (302) 453-6983.

Sincerely,

Alan L. Fleetwood

Alan L. Fleetwood
CPCN Coordinator

LANDOWNER NOTIFICATION

In accordance with Delaware law and regulations of the Delaware Public Service Commission, the applicant, Artesian Wastewater Management, Inc., must show evidence that all landowners of the proposed territory have been notified by certified mail or its' equivalent of the filing of the Application.

- “(1) Pursuant to Title 26, §203D(d)(2) of the Delaware Code, an Application for a Certificate of Public Convenience and Necessity (CPCN) will be submitted to the Delaware Public Service Commission on or about November 29. Your property has been included within an area Artesian Wastewater Management, Inc. intends to serve with public wastewater and we are required to inform you of certain information. The area to be served is Route 9 Area Part 4. ***If you agree to the inclusion of your property in the proposed service area, no action on your part is required. Inclusion of your property in a CPCN area does not obligate you to connect immediately to our system; however, should your existing system fail and public wastewater services are deemed to be legally and publicly available, you may then be required to connect.
- (2) Under Delaware law, the Public Service Commission cannot grant a CPCN to Artesian Wastewater Management, Inc., if a majority of the landowners in the proposed wastewater service area object to the issuance of the CPCN. If you object to the issuance of a CPCN for the proposed area that includes your property, you must notify the Commission, in writing, within sixty days of your receipt of this notice or within thirty days of the filing of the completed application for a CPCN, whichever is greater.
- (3) You may also request a public hearing on this matter. The purposed of the public hearing will be to demonstrate why it would not be in the public interest for the Commission to grant Artesian Wastewater Management, Inc., a CPCN to provide wastewater services to the proposed area. A request for a public hearing must be made in writing to the Commission within sixty days of your receipt of this notice or within thirty days of the filing of the completed Application for a CPCN, whichever is greater.
- (4) The written notice of your decision to object to the issuance of the CPCN, or your written request for a public hearing, should be sent to the Secretary of the Delaware Public Service Commission at the address listed below.
- (5) Any written notice you send to the Commission must include the description of the service area referred to in paragraph (1) above, your tax parcel identification number, and the name of the applicant so the Commission will be able to identify the CPCN Application to which your notice is related.
- (6) Questions regarding objections, opt-outs, and hearings may be directed to:
