March 11, 2013

Certified Return Receipt # 79791000164770290049

Jennifer Bowers
16507 Gravel Hill Road
Milton, DE 19968

Dear Jennifer Bowers:

Tidewater Environmental Services Inc. (Tidewater) would like to thank you for the receipt of your signed petition requesting Tidewater to provide wastewater service to your property, parcel number 235-25.00-11.05 located in Sussex County.

Tidewater will be submitting an application for a Certificate of Public Convenience and Necessity (CPCN) with the Public Service Commission (PSC) on or around April 9, 2013. Included with this letter is information that we are required to provide to all landowners within a proposed service territory prior to filing the application for a CPCN.

When the CPCN is granted, Tidewater will have the permission to provide public wastewater service to your parcel. It is important for you, as the landowner, to know that when wastewater service is made available to your parcel you are not obligated to connect to our wastewater system as long as your current wastewater system is functioning properly. If you agree to have your property be part of this proposed service area, no action on your part is required at this time.

Tidewater understands that customer satisfaction and quality water are the foundation of our business. In 2007 Tidewater was awarded the Torch Award by the Delaware Better Business Bureau for our Marketplace Ethics. In 2008, Tidewater a part of Middlesex Water Company was named one of America's 100 most trustworthy publicly traded firms according to Audit Integrity, Inc.

If you have any questions in regards to this matter please feel free to contact me at 1-800-523-7224 ext. 1014 or 302-747-1308.

Sincerely,

Joseph C. Cuccinello
CPCN Coordinator

LANDOWNER NOTIFICATION

In accordance with Delaware law and regulations of the Public Service Commission, the applicant, Tidewater Environmental Services, Inc. must show evidence that all landowners of the proposed territory have been notified by certified mail or its' equivalent of the filing of the application.

(19)Pursuant to Title 26, § 203D(d)(2) of the Delaware Code, an application for a Certificate of Public Convenience and Necessity (CPCN) will be submitted to the Delaware Public Service Commission on or about April 9, 2013. In accordance with the petition you have recently signed, your properties have been included within an area Tidewater Environmental Services, Inc. intends to serve with public wastewater and we are required to inform you of certain information. The area to be served is tax parcel number 235-25.00-11.05 located in Sussex County, Delaware. If you agree to the inclusion of your property in the proposed service area, no action on your part is required. Inclusion of your property in a CPCN area does not obligate you to connect immediately to our system; However, should you existing system fail and public wastewater services are deemed to be legal and publicly available, you may then be required to connect.

(20)Under Delaware law, the Public Service Commission cannot grant a CPCN to Tidewater Environmental Services, Inc. if a majority of the landowners in the proposed wastewater service area object to the issuance of the CPCN. If you object to the issuance of a CPCN for the proposed area that includes your property, you must notify the commission, in writing, within sixty days of your receipt of this notice or within thirty days of the filing of the complete application for the CPCN, whichever is greater.

(21)You may also request a public hearing on this matter. The purpose of the public hearing will be to demonstrate why it would not be in the public interest for the commission to grant Tidewater Environmental Services Inc., a CPCN to provide wastewater services to the proposed area. A request for a public hearing must be made in writing to the Commission within sixty days of your receipt of this notice or with thirty days of the filing of the completed application for a CPCN, whatever is greater.

(22)The written notice of your decision to object to the issuance of the CPCN, or your written request for a public hearing, should be sent to the Secretary of the Delaware Public Service Commission at the address listed below.

(23)Any written notice you send to the Commission must include the description of the service area referred to in paragraph (1) above, your tax parcel identification number, and the name of the applicant so the Commission will be able to identify the CPCN application to which your notice is related.

(24)Questions regarding objections, opt-outs, and hearings may be directed to:

LANDOWNER NOTIFICATION

In accordance with Delaware law and regulations of the Public Service Commission, the applicant, Tidewater Environmental Services, Inc. must show evidence that all landowners of the proposed territory have been notified by certified mail or its' equivalent of the filing of the application.

(55) Pursuant to Title 26, § 203D(d)(2) of the Delaware Code, an application for a Certificate of Public Convenience and Necessity (CPCN) will be submitted to the Delaware Public Service Commission on or about April 9, 2013. In accordance with the petition you have recently signed, your properties have been included within an area Tidewater Environmental Services, Inc. intends to serve with public wastewater and we are required to inform you of certain information. The area to be served is tax parcel number 235-21.00-151.02 located in Sussex County, Delaware. If you agree to the inclusion of your property in the proposed service area, no action on your part is required. Inclusion of your property in a CPCN area does not obligate you to connect immediately to our system; However, should you existing system fail and public wastewater services are deemed to be legal and publicly available, you may then be required to connect.

(56) Under Delaware law, the Public Service Commission cannot grant a CPCN to Tidewater Environmental Services, Inc. if a majority of the landowners in the proposed wastewater service area object to the issuance of the CPCN. If you object to the issuance of a CPCN for the proposed area that includes your property, you must notify the commission, in writing, within sixty days of your receipt of this notice or within thirty days of the filing of the complete application for the CPCN, whichever is greater.

(57) You may also request a public hearing on this matter. The purpose of the public hearing will be to demonstrate why it would not be in the public interest for the commission to grant Tidewater Environmental Services Inc., a CPCN to provide wastewater services to the proposed area. A request for a public hearing must be made in writing to the Commission within sixty days of your receipt of this notice or with thirty days of the filing of the completed application for a CPCN, whatever is greater.

(58) The written notice of your decision to object to the issuance of the CPCN, or your written request for a public hearing, should be sent to the Secretary of the Delaware Public Service Commission at the address listed below.

(59) Any written notice you send to the Commission must include the description of the service area referred to in paragraph (1) above, your tax parcel identification number, and the name of the applicant so the Commission will be able to identify the CPCN application to which your notice is related.
