AND NOW, this 30th day of July, 2013:

WHEREAS, on July 12, 2013, Tidewater Utilities, Inc. ("Tidewater") filed an application ("Application") with the Delaware Public Service Commission (the "Commission") seeking a Certificate of Public Convenience and Necessity ("CPCN") to expand its facilities and operations in order to provide water services to one parcel of land in Sussex County, Delaware (the "Proposed Service Area"). The basis for the Application is Tidewater's possession of petitions requesting water services signed by all of the landowners of record of each parcel or property to be encompassed within the Proposed Service Area in accordance with 26 *Del. C.* §203C(e)(1)b. With its Application, Tidewater filed evidence that it had mailed to the record landowners in the Proposed Service Area notice of its Application and the options available to the affected landowners. In addition, Tidewater published notice of its Application in two newspapers of general circulation. The Commission has not received any comments regarding Tidewater or this Application; and

WHEREAS, the Commission Staff has completed its review and investigation of Tidewater and the Application, and, in a July 19,

2013, Memorandum to the Commission, reports that Tidewater's Application meets all of the requirements for the granting of a CPCN under 26 Del. C. §203C and the Commission's *Regulations Governing Water Utilities Including the Public Service Commission's Jurisdiction to Grant and Revoke Certificates of Public Convenience and Necessity*, 26 Del. Admin. C. §2002. Thus, the Commission Staff recommends approval of the Application;
