Are response and recovery plans regularly tested? **Yes**

Are legal and regulatory requirements regarding cybersecurity, including privacy and civil liberties obligations, understood and managed? **Yes**

Do you have a list of contacts for cybersecurity information sharing? (i.e., Federal and state emergency management, law enforcement, National Security, and Any others?)..... **Yes**

Should the Commission create guidelines or regulations to ensure utilities are properly managing cyber security issues?

SUEZ provides a high level of cyber security coverage, both for systems and customer data. While we will strive to comply with any guidelines or regulations set down by the regulators for the locations in which we operate, we believe the current Commission policy provides sufficient regulatory oversight concerning cyber security.
