ORDER NO. 7736

ELECTRIC SUPPLIER CERTIFICATE

This 2nd day of March, 2010, the Commission determines and orders the following:

1. On January 6, 2010, Technology Resource Solutions, Inc., d/b/a PAETEC Energy ("Technology Resource" or "Company"), filed an application seeking certification as a retail electric supplier in order to broker the sale or purchase of electric supply service (the "Application"). See 26 Del. C. §§1001(2), 1001(11), 1012(a). On February 12, 2010, Technology Resource amended its application. Under the Electric Utilities Restructuring Act of 1999 (the "Act"),¹ "electric suppliers", which includes brokers, are not "public utilities," and, accordingly, the resulting sales of electric supply service to retail customers are not subject to traditional forms of rate-regulation. See 26 Del. C. §§102(2), 202(f).²

¹ See 26 Del. C. ch. 10 (2004 Supp.), as amended by the "Electric Utility Retail Customer Supply Act of 2006," 75 Del. Laws Ch. 242 (2006).

² Under the Act, a "broker" is an agent or intermediary in the sale or purchase of electricity to, or by, retail electric customers. Although a broker never takes "title" to the electric supply product, the Act deems a broker an "electric supplier." See 26 Del. C. §§1001(2), 1001(11) c.

2. In the Application, the Company reports that it is a broker that will utilize appropriate energy procurement strategies to meet the needs of its commercial and industrial customers in Delaware. Staff reports that the Company's application fulfills all the requirements for an Electric Supplier Certificate to act as a broker as set forth in the Commission's Rules for Certification and Regulations of Electric Suppliers (the "ES Rules"). In particular, Staff reports that the Company appears to possess the financial, operational, managerial, and technical capabilities to operate as a broker of electric supply service. Based on Staff's report, the Commission here issues to Technology Resource an Electric Supplier Certificate, allowing it to broker sales and customer purchases of electric supply services in the State of Delaware consistent with the scheme adopted by the Act and the ES Rules.

**NOW, THEREFORE, IT IS HEREBY ORDERED BY THE AFFIRMATIVE VOTE OF
NOT FEWER THAN THREE COMMISSIONERS:**

1. That Technology Resource Solutions, Inc., d/b/a PAETEC Energy, is hereby granted under 26 Del. C. §1012(a) and the Commission's "Rules for Certification and Regulations of Electric Suppliers" a certificate to do business, and operate, as an "Electric Supplier" (broker) within the State of Delaware. C. §1012(a) and § 10.2 of the "Rules for Certification and Regulations of Electric Suppliers".

C. §§114 and 115.

4. That Technology Resource Solutions, Inc., d/b/a PAETEC Energy, consents to the jurisdiction of the courts of the State of Delaware for all acts or omissions related to its offering of electric supply services in this State.

5. Technology Resource Solutions, Inc., d/b/a PAETEC Energy, is hereby placed on notice that the costs of the proceedings will be charged to it under the provisions of 26 Del. C. §114(b)(1).
