AND NOW, this 10th day of May, 2011:

WHEREAS, on February 25, 2011, Tidewater Utilities, Inc. ("Tidewater" or "Applicant") filed an application ("Application") with the Commission seeking a Certificate of Public Convenience and Necessity ("CPCN") to expand its facilities and operations in order to provide water services to two parcels of land northwest of Harrington, Kent County, Delaware ("Proposed Service Area"). The basis for the Application is Tidewater's possession of petitions requesting water services signed by all of the owners of the parcels of land comprising the Proposed Service Area in accordance with 26 Del. C. §203C(e)(1)b. With its Application, Tidewater filed evidence that it had mailed to the landowners in the Proposed Service Area notice of its application and the options available to the affected landowners. In addition, on Staff's direction, Tidewater published notice of its Application in two newspapers of general circulation. No comments regarding the Applicant or this Application have been received; and

WHEREAS, the Commission Staff has completed its review and investigation of the Application and the Applicant. In an April 7,

2011 Memorandum to the Commission, Staff reports that Tidewater's Application meets all requirements except those identified above for the granting of a CPCN under 26 Del. C. §203C and the Commission's *Regulations Governing Water Utilities Including the Public Service Commission's Jurisdiction to Grant and Revoke Certificates of Public Convenience and Necessity*, 26 Del. Admin. Code §2002, and recommends approval of the request to waive the regulations identified and the Application;
