OF THE DELAWARE PUBLIC SERVICE COMMISSION**

The Delaware General Assembly has enacted legislation pursuant to which water, electric distribution and natural gas distribution utilities subject to the jurisdiction of the Delaware Public Service Commission (the "Commission") may file rate schedules that allow such utilities to semiannually automatically adjust their basic rates to recover the cost of new, used and useful utility plant that meets certain eligibility criteria. *See 26 Del. C. §§314 (Distribution System Improvement Charge, or "DSIC") and 315 (Utility Facility Relocation Charge, or "UFRC")*. The legislation further provides that the Commission may adopt rules and regulations to administer the DSIC and UFRC so long as those rules and regulations are not inconsistent with the Public Utilities Act of 1974.

The Commission has promulgated proposed regulations to implement and administer the DSIC and UFRC (the "Regulations"), *26 Del. Admin. Code ch. 1009*. The Regulations establish

filing deadlines for DSIC/UFRC applications; effective dates of new DSIC/UFRC rates; requirements for filing a DSIC/UFRC application; a review and approval process; and annual reconciliation and audit procedures.

The Commission has the authority to promulgate the Regulations pursuant to 26 *Del. C.* §§209(a), 314(d), 315(f) and 29 *Del. C.* ch. 101.

Such notice shall be sent to the attention of Staff Public Utilities Analyst Dr. Vincent Ikwuagwu.

Any public hearing conducted by the Commission shall be duly noticed in accordance with 29 *Del. C.* §§10115(b).
