(FILED SEPTEMBER 3, 2013; AMENDED)
FEBRUARY 19, 2014))

ORDER NO. 8520

AND NOW, this 4th day of March, 2014, the Delaware Public Service Commission ("Commission") determines and orders the following:

WHEREAS, on September 3, 2013, Chesapeake Utilities Corporation ("Chesapeake" or "the Company") filed with the Commission the above-captioned application (the "Application") seeking approval to change its Gas Sales Service Rates ("GSR") effective on November 1, 2013, as follows: (1) increase the Company's current GSR rate from \$0.997 per Ccf to \$1.008 per Ccf for customers served under rate schedules RS-1, RS-2, GS, MVS and LVS; (2) increase the Company's current GSR rate from \$0.519 per Ccf to \$0.536 per Ccf for customers served under rate schedules GLR and GLO; (3) increase the Company's current GSR rate from \$0.817 per Ccf to \$0.819 per Ccf for customers served under rate schedule HLFS; (4) increase the Company's firm balancing rate for transportation customers served under rate schedule LVS from \$0.063 per Ccf to \$0.072 per Ccf; (5) decrease the Company's firm balancing rate for transportation customers served under rate schedule HLFS from \$0.022 per Ccf to \$0.015 per Ccf; and (6) maintain the Company's interruptible balancing rate for transportation customers served under rate schedule ITS at \$0.001 per Ccf; and

WHEREAS, by Order No. 8458 dated September 26, 2013, the Commission determined, pursuant to 26 Del. C. §§304 and 306, that the proposed GSR changes should be permitted to become effective for usage on and after November 1, 2013, subject to refund and pending the Commission's further review and final decision; and

WHEREAS, Section XVI of the Company's tariff requires that if, during a GSR year, an under collection in the GSR exceeds a six percent (6%) threshold, Chesapeake must make an "out-of-cycle" filing for revised GSR rates; and

WHEREAS, on February 19, 2014, the Company filed an amended, or "out-of-cycle," application (the "Amended Application") seeking increases in its interim GSR rates, to be effective on and after April 1, 2014, based on a projected under-collection of gas costs exceeding the 6% tariff threshold, which the Company states is a result of significant increases in natural gas commodity prices since Chesapeake filed its initial Application; and

WHEREAS, Chesapeake now seeks approval to adjust its interim GSR rates, effective on and after April 1, 2014, to mitigate this projected under-recovery amount as follows: (1) increase the Company's current interim GSR rate from \$1.008 per Ccf to \$1.132 per Ccf for customers served under rate schedules RS-1, RS-2, GS, MVS and LVS; (2) increase the Company's current interim GSR rate from \$0.536 per Ccf to \$0.656 per Ccf for customers served under rate schedules GLR and GLO; and (3) increase the Company's current interim GSR rate from \$0.819 per Ccf to \$0.941 per Ccf for customers served under rate schedule HLFS; and

WHEREAS, Chesapeake requests a waiver of its tariff provision which would otherwise require it to file for revised GSR rates if the under collection balance continues to exceed six percent (6%) at any point prior to the end of the current GSR determination period ending October 31, 2014. The Company believes granting its waiver request is in the best interests of all of the parties and the ratepayers, supports administrative efficiency, and avoids additional proceedings which would further complicate the current GSR proceeding. In addition, the Company asserts that any additional out-of-cycle filing would have limited effect because consumption over the summer months decreases as the end of the determination period approaches; and

WHEREAS, Chesapeake also requests that the Commission waive the sixty (60) days' notice requirement, under 26 *Del. C.* §§304(a), in order for these revised interim GSR rates to be effective with service rendered on and after April 1, 2014. Chesapeake asserts that there is "good cause" here to support waiving the 60 days' notice because delaying the implementation of the revised interim GSR rates would cause the under-collection balance to continue to increase and any delay in changing the GSR rate will likely result in the need for a larger increase later because the costs will be spread over fewer billing units; and

WHEREAS, Staff has reviewed the Amended Application and recommends that the Company's requested waivers be granted; and

WHEREAS, the Commission has reviewed the Amended Application and considered the proffered reasons for the requested waivers, as well as Staff's recommendations regarding the requested waivers, and concludes

that the requested waivers should be granted for the reasons set forth above;

NOW, THEREFORE, IT IS HEREBY ORDERED BY THE AFFIRMATIVE VOTE OF NOT FEWER THAN THREE COMMISSIONERS:

1. Pursuant to 26 *Del. C.* §§303(b), 304, and 306, the following proposed changes to the GSR rates are permitted to become effective for natural gas usage on or after April 1, 2014, subject to refund and pro-ration and pending the Commission's final decision:

Rate Schedule	Temporary Rate	Amended Rate
RS-1, RS-2, GS, MVS, LVS	\$1.008 per Ccf	\$1.132 per Ccf
GLR, GLO	\$0.536 per Ccf	\$0.656 per Ccf
HLFS	\$0.819 per Ccf	\$0.941 per Ccf

2. Chesapeake shall give public notice of the Amended Application, with the proposed increase in interim GSR rates and this action by the Commission, by publishing notice in the form attached as **Exhibit "A"** in two-column format, outlined in black, in the legal classified section of The News Journal and the Delaware State News newspaper on **Friday, March 7, 2014**. Chesapeake shall submit proof of such publications as soon as possible, but no later than the commencement of any evidentiary hearings concerning this matter.

3. The Commission grants Chesapeake's request for a waiver of the provisions of Section XVI of its tariff which require it to file for revised rates if the under-collection balance continues to exceed six percent (6%) at any point prior to the end of the current GSR determination period ending October 31, 2014.

4. The Commission finds good cause under the facts set forth in the Company's application to grant its request for a waiver of the sixty (60) days' notice requirement under 26 *Del. C.* §§304(a). Hence,

**TO: ALL NATURAL GAS CUSTOMERS OF CHESAPEAKE UTILITIES CORPORATION
AND OTHER INTERESTED PERSONS**

Pursuant to 26 Del. C. §§ 303(b), 304, and 306, Chesapeake Utilities Corporation ("Chesapeake") has filed an amended application (the "Amended Application") with the Delaware Public Service Commission (the "Commission") seeking to change its Gas Sales Service ("GSR") rates as follows:

Rate Schedule	Present Rate	Proposed Rate
RS-1, RS-2, GS, MVS, LVS	\$1.008 per Ccf	\$1.132 per Ccf
GLR, GLO	\$0.536 per Ccf	\$0.656 per Ccf
HLFS	\$0.819 per Ccf	\$0.941 per Ccf

Compared to the temporary rates currently in effect, an average RS-2 customer using 700 Ccf per year will experience an annual increase of approximately 8%, or \$7 per month. During the winter heating season, a typical RS-2 customer using 120 Ccf per winter month will experience an increase of approximately 9%, or \$15 per winter month.

The Commission has permitted the increased interim GSR rates to

become effective with usage on and after April 1, 2014, with pro-
ration and subject to refund after full evidentiary hearings have been
held and the Commission has made its final decision. The Commission's
final decision will be based on evidence presented at the evidentiary
hearings.
