PSC DOCKET NO. 14-41

ORDER NO. 8535

AND NOW, this 20th day of February, 2014, the Delaware Public Service Commission ("Commission") determines and orders the following:

WHEREAS, on January 27, 2014, pursuant to 26 Del. C. §351 et seq., Delmarva Power & Light Company ("Delmarva") filed an application (the "Application") with the Commission requesting approval of its 2014 Program for the Procurement of Solar Renewable Energy Credits (the "2014 Program"); and

WHEREAS, the 2014 Program is based on requirements set forth in the Renewable Energy Portfolio Standards Act ("REPSA") which was enacted in 2007 and amended in subsequent years. See 26 Del. C. §§351 - 364. The 2011 Amendments made Delmarva responsible for procuring RECs\(^1\) and SRECs\(^2\) necessary for compliance with respect to all energy delivered to Delmarva’s distribution customers beginning in compliance year 2012 (June 2012 - May 2013); and

WHEREAS, the 2014 Program is based on recommendations of the Renewable Energy Taskforce (the "Taskforce"), which is charged with making such recommendations to the Commission and other entities.\(^3\)

---

\(^1\) A “REC” is defined in 26 Del. C. §352(18).

\(^2\) An “SREC” is defined in 26 Del. C. §352(25).

\(^3\) 26 Del. C. §360(a)(2) provides, in pertinent part, that the Taskforce is charged with making recommendations about and reporting on the following and
26 Del. C. §§360(d), (d)(2), and (d)(3). The 2014 Program is also based on the Pilot Program and the 2013 Program for the Procurement of Solar Renewable Energy Credits (the “Pilot Program” and “2013 Program”), which the Taskforce developed and which the Commission previously approved; and

WHEREAS, per Order No. 8450, the Commission retained a consultant (New Energy Opportunities, Inc. or “New Energy”) to conduct an independent review of the 2013 Program for compliance with the recommendations of the Commission Staff (“Staff”) and the Taskforce and to examine associated issues, including, but not limited to:

   a. The robustness of the response to the solicitation;

   b. The structure of the solicitation with regard to tiers;
c. The extent to which SREC prices should be determined by competitive bidding;

d. The effect of the SEU’s involvement in terms of cost of administration;

e. The quality of the conduct of the solicitation; and

WHEREAS, New Energy did provide the Commission with its independent review in the form of a report dated August, 7, 2013, as revised September 20, 2013; and

WHEREAS, in its Application, Delmarva requested that the Commission handle this matter on an expedited basis. Delmarva also stated in Exhibit “D” to its Application that the Taskforce recommended the next auction for SRECs begin no later than May 31, 2014, for the compliance year starting June 1, 2014; and

WHEREAS, Staff has reviewed the Application and recognizes that certain deadlines must be met for the SREC compliance year starting June 1, 2014. Hence, Staff agrees that expedited treatment should be given to the Application. Staff therefore will review all of the details of the 2014 Program for compliance with its previous recommendations set forth in the Pilot Program and the 2013 Program, as well as compliance with the Taskforce’s recommendations;

NOW, THEREFORE, IT IS HEREBY ORDERED BY THE AFFIRMATIVE VOTE OF NOT FEWER THAN THREE COMMISSIONERS:
