RECEIVED  
2018 JUN 18 AM 10 37  
DELAWARE P.S.C.

Dear Ms. Nickerson,

The Company received from your office a certified letter dated June 12, 2018 addressing the Company's Distribution System Improvement Charge ("DSIC") filing filed on June 5, 2018. The Company recognizes and acknowledges that for the first time since the DSIC mechanism was granted for SUEZ Water Delaware Inc., it inadvertently made the filing late due to recent staffing changes.

It seems clear that there is little the Company can do to remedy its error. However, the Company would request that the Commission consider an exception which would allow the Company to implement rates as of August 1, 2018 utilizing the same DSIC rate as filed on June 5, 2018 for the abbreviated period from August 1, 2018 through January 1, 2019. Thereafter, the Company's DSIC rate would be updated in accordance with the applicable statutory and regulatory requirements. Alternatively, if the updated DSIC rate is not permitted to go into effect on August 1, 2018 the Company would request that eligible investment's made during the period from November 1, 2017 through April 30, 2017 (the DSIC investment period related to the missed filing) be included in the DSIC filing for the surcharge to be effective January 1, 2019.

Sincerely,

James C. Cagle  
Vice President – Rates and Regulatory Affairs
