

List of Certified Electric Suppliers
Updated: 6/19/2019

This information is provided as a resource for consumers. The Delaware Public Service Commission neither endorses these particular entities nor accepts responsibility for the content or the accuracy of information provided by these entities. **This list is updated as often as information becomes available and contains all certified companies, the Commission would urge customers to contact all potential suppliers to determine if a company is currently offering service. All companies that are certified may not be offering service.**

Before switching, the Consumer Energy Education Group (CEEG) has created a [list of questions to ask potential electric suppliers](#).
