TAKING STANDARD OFFER SUPPLY**

On March 27, 2026, Delmarva Power & Light Company (“Delmarva” or the “Company”) filed with the Delaware Public Service Commission (the “Commission”) an application requesting changes to its Electric Tariff related to its Standard Offer Supply (“SOS”) service offerings including:

- (a) Changes in the rates for fixed price SOS to reflect the bid prices from the recent “fixed price” SOS wholesale procurement process;
- (b) Revision of the Procurement Cost Adjustment factors applicable to both fixed price SOS and hourly price (SOS and returning customer) services; and
- (c) Revision of the Reasonable Allowance for Retail Margin applicable to both fixed price SOS and hourly price (SOS and returning customer) services.

According to the Company's calculations, not including the Qualified Fuel Cell Provider Project ("Bloom") or Renewable Portfolio Standards ("RPS") Charge, the monthly bill for a residential customer using 811 kWh on an annual average basis will increase by approximately \$15.14 (a 9.66% change).

On April 22, 2026, in PSC Order No. 10999, the Commission allowed the proposed rates and tariff changes to go into effect with usage on or after June 1, 2026, on a temporary basis, but subject to refund with interest if the Commission later determines in a final order that such rates and charges are incorrect, unjust, or unreasonable.

Interested persons may file written comments or objections to the proposed rates and tariff changes *on or before July 27, 2026*. If you wish to formally participate as a party in this matter, with the right to present evidence and be represented by counsel, you must file with the Commission a written petition asking for leave to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (*26 Del.
